From the Principal

School overview

The vision of Berrinba East State School is 'Every Student Succeeding - Regardless of Circumstance'. The school vision represents the high expectations we have of all students and the unrelenting focus we have on ensuring their success. Established in 1977, the school is situated near the Berrinba Wetlands in Logan City. With approximately 450 students drawn from a rich cultural tapestry, especially from the Pacific Islands. Our facilities consist of twenty-two classrooms, a refurbished library, Multimedia Room, Science Centre, two multipurpose courts, four new playgrounds and Multipurpose Hall with a fully equipped modern kitchen complete our facilities. Berrinba is named from an Aboriginal word meaning "to the south". The Berrinba East State School logo depicts traditional custodians of the land engaged in learning and is featured on our Indigenous uniform shirt, worn by our students on a Wednesday. Through engagement with community elders and the Berrinba East State School Aboriginal and Torres Strait Islander Community, we embrace Aboriginal and Torres Strait Islander perspectives in our school culture and curriculum. Berrinba East State School is viewed as a leader within the area of early childhood education with the school having formal partnerships with local Kindergartens and Early Education Centres to ensure quality transitions and the best start to school for our students. Seen as innovators within this field the school has also created and delivered award winning initiatives such as PrepStart (oral language program), JumpStart (pre-prep transition program) and the engagement of an Early Years Coach to develop staff capacity. The school also engages the evidenced based Age Appropriate Pedagogies approach to ensure the needs of all students are met. As a Positive Behaviour for Learning School, the Berrinba East State School community embraces the expectations of We are Safe, We are Scholars, We are Kind, We are Grateful and we are Mindful. In addition to these expectations being modelled by staff, students and community members, they are also explicitly taught and reinforced through the delivery of our whole school social and emotional wellbeing program, The Resilience Project. Berrinba East State School is heavily invested in the success of all students through a fully inclusive education model. Supported by a range of support staff, teachers differentiate for all students within the classroom setting. Additionally, the school's Response to Intervention model focuses on the development of skills such as Executive Functioning, Working Memory and Emotional Literacy at a whole class, small group and individual level. As a 'Talking Families' school, Berrinba East State School invest in supporting families through a formal partnership with Family and Child Connect. This enables the school to connect families with external agencies and services while also providing school based support through specialist staff. All students are encouraged to participate in our strong extra-curricular programmes such as choir, STEM Club, debating, Rugby League Excellence Programs and District/Regional Sport. This is in addition to the many excursions and school camps our students have access to. Berrinba East State School has a strong improvement agenda with a focus Reading, Inclusion and Collegial Engagement with a strong belief that literacy is the key to opportunity. Our staff have a unified sense of purpose as we move the community forward and drive student achievement in Academic performance and student wellbeing.

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Long suspensions – 11 to 20 days	1	9	6
Exclusions	2	3	2
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	164,576	163,641	153,928
Water (kL)			303

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.
